Overview

On Saturday, December 4, 2010, at Augusta Technical College-Waynesboro/Burke Campus in Waynesboro, GA, the Medical University of South Carolina (MUSC), South Carolina State University (SCSU) James E. Clyburn Transportation Research and Conference Center, Savannah River Nuclear Solutions, U.S. Department of Energy and Augusta Technical College are sponsoring a one-day technical assistance workshop for members of those communities that have participated in Community Leaders Institutes (CLI).

The program emphasizes essential “how-to” skills needed to prepare a “good” grant application. Experts will lead hands-on sessions in finding available grant funding agencies; planning, preparing and submitting a grant application; and establishing and using a 501(c)3 non-profit designation.

Technical Assistance Workshop

Progress requires informed and active leaders. The purpose of this Technical Assistance Workshop is to reinforce this principle and to emphasize the unique relationship between environmental protection, human health, environmental justice and economic development as an essential part of community development.
